Broker Platform

CRM Release Note for Version [MKv5 – 7.28]

Introduction

These software release notes cover all system modifications for version MKv5 7.28 of the broker platform CRM system.

The release notes list the bug fixes and known issues provided in this release and are aimed at operational users of the system.

These release notes do not aim to go into technical detail about specific changes or to be the basis for system testing plans.

Testing of the Release

Testing for this release was carried out in accordance with the test plans as created by the eKeeper Quality Assurance Team.
